CAREERS THAT WORK!

2027 SCHOLARSHIP PROGRAM | HIGH SCHOOL GUIDE

Help graduating seniors take the next step toward a career.

High school counselors in Idaho, Oregon, and Washington select graduating students for $500–$1,000 tuition scholarships at participating private career colleges. Students may attend a participating college in any of the three states, regardless of their home state.

HOW TO AWARD A SCHOLARSHIP

The high school selects the recipient and completes the online award process. Awards are tentative until the student is accepted and begins study. Tuition credits are applied under the college's scholarship policy.
